Dear Good Energy Shareholder,

Scrip Dividend Scheme for holders of Ordinary Shares

At the annual general meeting (AGM) of the Company held on 30 April 2014, shareholders authorised the operation of a scrip dividend scheme under which holders of Ordinary Shares may elect to receive dividends in the form of New Shares instead of cash. At the AGM of the Company held on 13 June 2019, the authority was renewed. The authority is valid for any dividend (or part thereof) declared in respect of each financial year from and including 31 December 2019, up to and including the financial year ending 31 December 2024.

The directors are pleased once again to offer you the opportunity to elect to receive your dividends in the form of New Shares. For the period ended 31 December 2022 the directors have declared a final dividend of 2.0p per Ordinary share.

Details of how Good Energy calculates your entitlement to shares under Scrip Dividend Scheme are set out in paragraph 6 of the attached terms and conditions. The timetable for the 2022 final dividend is set out at the end of this letter.

Your Directors believe that the Scheme is advantageous to shareholders as it enables you to increase your shareholding in the Company in a simple manner without paying dealing costs. However, your decision will depend on your own circumstances and paragraph 12 of the attached terms and conditions sets out some of the factors which you may wish to consider. The Scheme is also advantageous to the Company (and therefore to its shareholders in general) since cash that would otherwise be paid out in dividends is retained within the business.

Shareholders who are considering making an election should bear in mind that the price of Ordinary Shares fluctuates, as is the case with all listed securities.

Scrip Dividend Mandate

To receive New Shares instead of cash in respect of all or part of your holding of Ordinary Shares you will need to complete a Scrip Dividend Mandate by no later than 5pm on Friday 23 June 2023. You can do so online at www.investorcentre.co.uk or by completing the Scrip Dividend Mandate enclosed and returning it to the Registrars. An election to receive New Shares instead of cash will automatically apply to all future dividends where a scrip alternative is offered. Please refer to the terms and conditions of the Scheme which are set out in the Appendix to this circular for full details.

If you hold your Ordinary Shares in uncertificated form in CREST and will continue to do so at the Record Date for the relevant dividend, you can elect to participate in the Scheme by means of the CREST procedures to effect such an election. If you are a CREST Personal Member, or other CREST Sponsored Member, you should consult your CREST sponsor, who will be able to take the appropriate action on your behalf. For instructions on how to use the Dividend Election Input Message, please consult your CREST Manual.

If your shares are held in a CREST stock account and you have completed a Scrip Dividend Mandate, your CREST stock account will be credited with the number of New Shares which you elect to receive instead of cash.

Shareholders who hold shares in certificated form and who have completed a Scrip Dividend Mandate will receive a share certificate in respect of any New Shares allotted and issued under the Scheme.

Withdrawing from the Scrip Dividend Scheme

If you wish to withdraw from the Scheme, you may do so. Please refer to paragraph 5 of the terms and conditions, for more information.

Shareholders outside the United Kingdom

Legal requirements in jurisdictions outside the United Kingdom can impose onerous and costly obligations on the Company. Consequently, the right to participate in the Scheme is not available to any person in the United States of America, Canada, Japan, South Africa, New Zealand, Australia or the Republic of Ireland or their respective territories or possessions. The right to participate is also not available to any person in any other jurisdiction outside the United Kingdom where such an offer requires compliance by the Company with any governmental or regulatory procedures or any similar formalities. Your attention is drawn to paragraph 7 of the attached terms and conditions.

The terms and conditions of the Scheme, including an outline of the taxation consequences, are set out in the Appendix to this letter which you should read carefully. A Scrip Dividend Mandate also accompanies this letter. If, after reading this letter and the Scrip Dividend Mandate, you are in any doubt about what course of action to take in relation to your shareholding, you should consult an independent financial adviser.

Yours faithfully

Will Whitehorn
Chairman

"terms and conditions"	the terms and conditions of the Scheme set out in this Appendix, as amended or modified from time to time.

2. The Scheme

For Dividends in respect of which the Scheme operates, each shareholder who has completed and not revoked a Scrip Dividend Mandate will receive New Shares in lieu of a cash dividend in respect of his, her or its holding of Ordinary Shares recorded in the register of members of the Company on the relevant Record Date.

The operation of the Scheme is subject to the approval of the Directors (whose authority in this regard was previously approved by the shareholders at the annual general meeting of the Company held on 30 April 2014 and renewed at the AGM of the Company held on 13 June 2019). If the Scheme is to be operated, shareholders will be notified by means of a statement in the Company's annual report and accounts, or in the Company's statement of interim results, or by means of a separate letter to shareholders which will include details of the basis of entitlement to New Shares.

The operation of the Scheme is conditional on the middle market quotation for an Ordinary Share (as derived from the Daily Official List of the London Stock Exchange) on the Return Date exceeding a price which is 15 per cent below the price calculated for a New Share, as set out in paragraph 6 of these terms and conditions. The operation of the Scheme in relation to any Dividend is also conditional on the New Shares to be issued under the Scheme in relation to that Dividend being admitted to London Stock Exchange's AIM and admitted to trading on or before the date (as notified by the Company) on which dealings in those New Shares are expected to commence.

If the operation of the Scheme is not approved as required, or if the conditions are not satisfied, the relevant Dividend will be paid in cash.

3. Extent of the operation of the Scheme

Each shareholder may elect to receive New Shares under the Scheme in respect of the whole or any part of his, her or its shareholding.

If a shareholder wishes to receive a Dividend in the form of New Shares in respect of part of their shareholding, and to receive cash in respect of the remaining part of their shareholding, he, she or it should give notice in writing to the Registrars, which notice must be received prior to the relevant Return Date, specifying the number of Ordinary Shares held by him, her or it in respect of which he, she or it wishes to receive New Shares. Any residual entitlement in relation to any New Shares issued will be paid out together with the cash dividend in respect of the Ordinary Shares for which no election has been made.

Any such partial election shall have effect only in respect of the Dividend to which it relates. Subsequent dividends will be paid in accordance with the terms and conditions of the Scheme, unless notice of withdrawal is given in accordance with paragraph 5 of these terms and conditions.

4. Accumulation of residual entitlements

No participant can receive a fraction of a New Share. Where a Participant has made an election to participate in the Scheme, which would otherwise give rise to an entitlement to a fraction of a New Share, any residual entitlement which is less than the price of one New Share (as calculated in accordance with paragraph 6 of these terms and conditions) will not be paid. Instead, that sum will be credited to the account of the Participant, carried forward (without interest) and added to the next Dividend payable to that Participant in the form of New Shares under the Scheme.

The Company will pay cash to a shareholder (without interest) in respect of any fractional entitlement carried forward:

- on the disposal of the shareholder's entire shareholding; or
- on the death or liquidation of a sole shareholder; or
- upon written request of the shareholder.

If a notice of withdrawal in writing is lodged by the Return Date specified in the relevant interim or final report or letter to shareholders, the residual amount being carried forward will be paid (without interest) together with the relevant Dividend payment. However, for any notice of withdrawal received after the Return Date, the residual amount will be carried forward and, providing a new Scrip Dividend Mandate is not submitted at that time, will be included with the following Dividend payment.

Additional copies of these terms and conditions and the Scrip Dividend Mandate will be available from the Registrars.

For the purposes of these terms and conditions, a "person" outside the United Kingdom shall include any person so resident, any corporation, partnership or other entity created, organised or incorporated outside the United Kingdom and any estate of which any executor or administrator or any trust of which any beneficiary or trustee is a person outside the United Kingdom. "United States" shall mean the United States of America, its territories and possessions, any state of the United States, and the District of Columbia. "US person" includes any natural person resident in the United States, any partnership or corporation organised or incorporated under the laws of the United States, any estate of which any executor or administrator is a US person and any trust of which any trustee is a US person. References to Canada include its territories, possessions and all areas subject to its jurisdiction and any political subdivision thereof.

8. Election to participate in the Scheme

Shareholders who are eligible and have not previously elected to do so may participate in the Scheme by completing, signing and dating the attached Scrip Dividend Mandate in accordance with the instructions set out on that form.

Shareholders should ensure that the Scrip Dividend Mandate is received by the Registrars not later than 5pm on Friday 23 June 2023. If the Scrip Dividend Mandate is not received by such time, the election will be effective in respect of future Dividends in respect of which the Scheme is operated. No acknowledgement of receipt of a Scrip Dividend Mandate will be given. Each shareholder that requests to make an election over part of their holding will need to submit separate elections for each future scrip dividend for the purposes of verification (as shareholders' holdings are subject to change).

9. Issue and admission to trading of New Shares

Application will be made to the Financial Conduct Authority and / or the London Stock Exchange (as appropriate) for admission to AIM and admission to trading of all New Shares. Subject to such admission, share certificates for New Shares will be issued and posted to Participants eligible thereto, at their risk, at or about the same time as the dividend warrants in respect of cash dividends are sent to eligible shareholders.

Where the New Shares are issued as uncertificated shares, the Company will instruct Euroclear UK & Ireland Limited to credit the shareholder's stock account in CREST (being the account under the same participation ID and member account ID as the Ordinary Shares from which the New Shares are derived) with the appropriate entitlement of New Shares.

The New Shares will, on issue, rank equally in all respects with existing issued Ordinary Shares and will carry the right to all Dividends subsequently declared. Where a Scrip Dividend Mandate is completed for future dividends, the New Shares issued will be treated in the same way as other holdings of Ordinary Shares by shareholders.

10. Accounting statements

To assist Participants with their tax returns, a statement will be sent with each certificate for New Shares, setting out the following information:

- the total number of Ordinary Shares held by the Participant on the relevant RecordDate;
- Dividend entitlement;
- cash balance brought forward from the last Dividend (if any);
- total funds available to purchase New Shares;
- the number of New Shares allotted to the Participant;
- cash equivalent of New Shares allotted;
- the residual entitlement (if any) of the Participant (as described in paragraph 4 of these terms and conditions) to be carried forward and added to the next applicable Dividend;
- the notional tax, at the basic rate, treated as paid on the New Shares; and
- the cash equivalent for tax purposes of the New Shares allotted and issued to the Participant.

A Participant who has elected to participate in the Scheme, but whose entitlement is not sufficient for him, her or it to qualify for any New Shares, will receive a notification at or about the same time as those Participants who receive statements with their share certificates.

11. Modification and termination

The Scheme can be modified, suspended or terminated by the Directors at any time without notice to Participants individually. In the case of a modification, Participants will be deemed to have elected to continue under the modified Scheme unless the Registrars are notified to the contrary in writing. The Directors also have the power, after an offer of New Shares under the Scheme is made, to revoke the offer generally at any time prior to the allotment of the New Shares.

Your Scrip Dividend Mandate may be modified, suspended or terminated by you giving written notice to the Registrar, so as to be received before the final time and date for receipt of a Scrip Dividend Mandate in respect of the relevant Dividend.

The Company will use its reasonable endeavours to circulate updated versions of these terms and conditions if significant alterations are required or made pursuant to changes in tax or other legislation or regulation. However, it is the responsibility of each Participant to assess, with his, her or its appropriate professional adviser, the effect of any such change to his, her or its individual circumstances.

12. Taxation

Under current United Kingdom legislation and current HM Revenue & Customs practice, it is believed that the taxation consequences for shareholders resident in the United Kingdom for taxation purposes of electing to receive New Shares instead of a full cash dividend are broadly as outlined below. Shareholders should note that the summary is a general guide to the UK tax regime currently in force and is not exhaustive.

UK Resident Individuals

Individuals who elect to receive New Shares instead of a cash dividend will be treated as having received gross income of an amount which, when reduced by income tax at the dividend ordinary rate (currently 10 per cent), is equal to the "Cash Equivalent" of the New Shares. For example, if an individual elects to receive New Shares in respect of which the Cash Equivalent is £90, he or she will be treated as having received gross income of £100 and as having already paid income tax of £10 on that amount. The Cash Equivalent of each New Share will be the New Share Price calculated in accordance with paragraph 6 of these terms and conditions, unless the market value of a New Share on the first day of dealing on the London Stock Exchange (the "opening value") differs by 15 per cent or more from the New Share Price, in which case the Cash Equivalent of one New Share will be the opening value.

Individuals who (after taking account of the gross amount of income which they are treated as having received, as mentioned above) pay income tax only at the basic rate (currently 20 per cent), but not the higher rate, will have no further liability to income tax on the receipt of the New Shares.

Individuals whose total income for tax purposes (after taking into account the gross amount of income which they are treated as having received as mentioned above) exceeds the threshold for higher rate income tax ("the higher rate threshold") will be liable to income tax at the dividend upper rate (currently 32.5 per cent) on that gross amount of income to the extent that such income exceeds the higher rate threshold. So, in the above example, where the Cash Equivalent of the New Shares is £90, the taxpayer will be treated as having received £100 and, where the effective rate of tax on his dividend entitlement is 32.5 per cent, he will be liable to pay additional tax of £22.50.

For capital gains tax purposes, the amount of the Cash Equivalent will be treated as consideration given for the New Shares.

UK Resident Trustees

Trustees who are liable to tax on dividend income at the dividend trust rate (currently 37.5 per cent) and who elect to receive New Shares instead of a cash dividend will, for the purposes of computing the tax payable, be treated as having received gross income of an amount which, when reduced by income tax at the dividend ordinary rate, is equal to the Cash Equivalent.

For capital gains tax purposes, the amount of the Cash Equivalent will be treated as consideration given for the New Shares.

UK Resident Corporate Shareholders

New Shares received by a corporate shareholder which is resident in the United Kingdom will not be treated as ranked investment income. Corporation tax will not be charged in respect of the issue of New Shares. For the purposes of corporation tax on chargeable gains, no consideration will be treated as having been given for the New Shares.

UK Resident Gross Funds, Charities, Heritage Bodies and Scientific Research Organisations

No tax credit will attach to the New Shares and no repayment claim can be made in respect of a receipt of New Shares.

This summary of the likely tax treatment is based on current United Kingdom law and is not exhaustive. Although this summary is believed to be correct at the time of preparation of these terms and conditions, the decision whether to participate in the Scheme or not, or whether to terminate any existing participation in the Scheme, is the sole responsibility of each shareholder. If you are not sure how you will be affected, you should consult your professional adviser before deciding how to proceed.
