

# Maximise your Feed-in Tariff earnings

Switch your Feed-in Tariff portfolio to Good Energy for a streamlined, reliable and personalised service.

## Why thousands of businesses choose us

-  **Dedicated account management** – you'll have one point of contact with Good Energy.
-  **Streamlined digital service** – upload your readings online and have them instantly validated, reducing the risk of payment delays.
-  **Fast, consolidated payments straight to your account.**
-  **Insight into generation and income per site.**
-  **Account maintenance** – no more than 5% of meters will need verifying at any time, protecting you from payment interruptions.
-  **Our service is free of charge**

## In good company

Sanctuary  

## Supporting renewable generators is why we exist

With deep industry expertise, we've become **the second largest FiT administrator in the country.**

"The Good Energy FiT B2B set-up is designed for business who manage large numbers of FiT accounts, unlike other FiT licensees who seem to have just bolted it onto their domestic FiT service."

Andrew Sunderland,  
Oxford City Council

Email [fitbusiness-sales@goodenergy.co.uk](mailto:fitbusiness-sales@goodenergy.co.uk) to switch.  
All you need is your generation number and address.

All our energy tariffs are Gold accredited
