

Renewable power for your business

good
energy

Clean energy supply and services

Why switch to Good Energy?

100% renewable electricity

Sourced from over 2,000 independent British generators.

Hourly matching for transparency

Make sure your electricity is genuinely renewable by seeing how it's generated with our online platform 24/7.

Fixed contracts

Pricing options to suit different budgets and levels of risk.

Clean energy services

Cut your energy bills and carbon footprint further with commercial solar installation and Feed-in Tariff portfolio management.

Improve your brand perception

Taking climate action boosts your brand's appeal to staff and customers alike.

“

Having our stores and offices powered by renewable energy not only reduces our own carbon footprint, it also means we can be an example to our supply chain and our customers.

”

Adele, Positive Impact Manager at Finisterre
