

# Power Purchase Agreement

Making your power pay more

good  
energy

Good Energy buys power directly from over 2,000 independent renewable generators. For over two decades, we've worked hard to provide generators with a top quality service and fair prices for their electricity.

## Why choose **Good Energy**?

Join our  
newsletter

### **Competitive rates**

With our own trading desk, we offer accurate prices based on real market conditions. We also pay top rates for your REGOs.

### **Expert, friendly service**

We understand selling electricity. From support with new connections and claiming for embedded benefits to advice on regulations that could impact payments, we help you make the most of your power.

### **Easy account management**

As well as a dedicated account manager to answer queries, you'll have an online account where you can easily access your invoices, see your balance and update your details.

# Our Power Purchase Agreements

## Classic PPA

Fixed price certainty for up to 3 years.

## SmartGen

A simple contract for smaller generators of up to 250kW.

## Bespoke PPA

Fully flexible contracts with direct access to energy markets, for complete pricing control.
